

# **July 2008 Campout**

**We left the Presentation parking lot around 6:25p.m. When we got to the campsite we set up a few tents. Others made lean-tos to sleep under. The adults slept in tents, and the rest slept under the stars. We had ice-cream made by Dakota. The next morning we got up at 7:00a.m. The Wolves and Tigers had scrambled eggs and grounded sausage together with juice. The Moose, Owls, and Mustangs had pancakes.**

**We got to the lake around 8:00 and in the water around 8:20. We swam in the cove for 15 minutes, than went tubing. Some people stayed in the cove to swim and fish. We headed into the marina at 12:00 and had Dominoes pizza and soda for lunch. We were back on lake at 1:30. A few people tried knee boarding. We had to leave the cove because it got crowded. We anchored in a spot were you can't tube. We kept the pontoon boat there for people who wanted to swim. We left the lake around 4:45. We got back to the campsite at 5:05. We had dinner around 7:45. We roasted marshmallows and had smores. Sunday we got up had breakfast, took down camp, packed up and left.**
